Patent Specialist & Liaison

I advise startups on IP strategy, conduct prior art searches, and have designed and consulted on patent software architecture. I collaborate with two leading patent agents on portfolio analyses and presentations. Recently, I contributed to Valve Corp. v. Electronic Scripting Products, Inc. (IPR2019-00064, -00065, -00085), a case won at the Patent Trial and Appeal Board and designated precedential by the USPTO.

LEADERSHIP & ADDITIONAL EXPERIENCE

Hellenic Army
2013-2014

Private

Completed mandatory 9-month military service in the Hellenic Army (Artillery). Served as Quarter Master for a company of ~40 conscripts, where I initiated workflow optimisations, secured a corporate donation of computer equipment, and proposed improved conscript onboarding strategies. At the 79TE Artillery Unit (Samos), I served in the Emergency Response Unit, was designated driver for the Forward Observer, and achieved top marksmanship (300m, G3A3 rifle). Also represented the unit in rifle exhibitions and basketball, winning the inter-unit championship. Awarded honorary leave for excellence in operations, inspections, and conduct.
